Non-combustible

Storage space and vessel requirements:

Store in a cool, dry place away from direct sunlight.

Information for combined storage:

All DMC products may be stored together, or in a combined warehouse for dry mortar products. Do not place liquid components on top of dry mortar products.

Additional designation of the storage requirements:

Do not store below 5 degree Centigrade

Storage classifications:

TRGS510 Class 12, non combustible liquid material

8. Exposure controls/personal protection

Technical protective measures:

No special measures required

Limits of exposure:

not applicable

Components which have to be monitored according to limits based on the workplace:

Not applicable

Additional notes according to limits:

Not applicable

Personal protection

Measures of safety and hygiene:

Observe all standard industrial hygiene measures

Respiratory protection:

apply in a well ventilated space

Eye protection:
